Dear ICANN,
Belarus needs your help. The dictator lukashenko seized the power illegally after his loss in the last presidential elections. He is destroying independent media, keeping innocent people imprisoned, and torture them. He is a terrorist who ... [Ещё](#)

Dear ICANN,
please deprive OAC (<https://oac.gov.by>) the right to administrate the national domain in Belarus. Dictator Lukashenko is trying to rule illegally and to destroy independent media in Belarus, law is not working, innocent people are suffering... [Ещё](#)

Dear sir/madam,
I am deeply concerned with the things that happened in Belarus, my home country. The Operations and Analytical Centre (OAC) is a government organisation the existence of which violates the Constitution of the Republic of Belarus. All I... [Ещё](#)

Dear ICANN,
The Internet should be free!
Please help the Belarusian people to return the domain ".by", which is manipulated by the dictatorial regime.

Помелёнок Екатерина
OAC! should be deprived of the right to administer BY domain. It is a repression and torture and political based persecution tool for now. It's not only about blocking news platform tut.by, it's also a matter of people freedom and life.

Иван Бардашевич
The largest news portal of the country was blocked in Belarus today. The government never stops perpetrating repression against its citizens. In this regard, we ask you to revoke OAC's authority as an administrator of the .BY domain zone.

Принципы антикризисной коммуникации
