New round of gTLD

ICANN Board approved the implementation plan for new round of New gTLD

The comprehensive timeline:

Figure D1. Comprehensive Timeline

Universal Acceptance action plan FY2024

Key points:

1. UASG changes focus from raising the awareness to implementation. The next UA DAY in 2024 will highlight implementation efforts of local regional and national initiatives.
2. UASG will be measuring its progress with two groups of measurers:
 - Global indicators (UA readiness of technology, top websites, e-mail software and services)
 - Progress with the stakeholders (technology developers, e-mail administrators, registries®istrars, government policy makers)
1. ICANN continue working on its technical systems to make them UA ready
